NEW FACILITY IN PROGRESS WATCH US BUILD

Help us move
We continue our progress

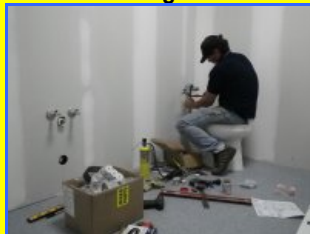

with double doors in entrance

Tile in the food prep & laundry rooms

Carlos & Jim gettin' er done

It's almost time for

SEA TURTLE NESTING SEASON

begins May 1.

We monitor the beach each morning from May 1 to Aug 31.

Please report any unmarked tracks to
topsailseaturtle@aol.com

EMAIL Terry for more information

Where does our plastic go?

Turtles eat it! **Ocracoke II** was lucky to pass this. Turtles can starve when they ingest plastic, feeling full without receiving any nutrients.

You define exactly who makes up your "family."
 It might be the traditional mom/dad/kids/
 family, with grandparents/aunts/uncles/cousins
 thrown in.

Or maybe there's a group of you at work,
 or you're part of a gang who has been friends
 since grade school.

Print the

OFFICIAL GIVING FORM.

Decide who's in your family, then put
 your game faces on and come up with
 some creative ways to get together your
 \$1,000 donation for our building fund.
 Your family name will appear on a plaque, which
 will be permanently displayed in our new facility.
 You can also make your donation anonymously.

Flipper hugs in advance.

230 Families raising \$1000 will meet our
 funding goals!!

With your help we will succeed.

BALLOONS and TURTLES don't mix

Discarded balloons drift into the water
 and are mistaken for food by sea turtles
 and other marine animals.

Shackelford II was lucky to be able to
 pass these ingested pieces of balloons.

A Special THANKS to our many visitors.
 Your interest and support assures our success

Your tax deductible contributions are much
 appreciated
